		<p>members and other resources will be available to families at the event.</p> <p>This event will be open to all families and community members. The activities will be geared toward first through fifth-grade students with extension activities to meet the needs of preschool and kindergarten siblings and students.</p> <p>Sign-in sheet added to Title I folder</p>
3-10-2022	3	<p>Math Night & Spring Book Fair **</p> <p>This event is to get our Russell families involved and excited to learn about the math concepts students are learning at school in a fun family centered way. We have make it/take it games and resources that families can use at home. Each grade level comes up with age appropriate activities for the families to complete while they are present. Teachers are present so answer any questions families may have about our Math program and curriculum. We pair this event with our spring book fair to encourage participation at both events!</p> <p>The target audience of this event would be all first through fifth grade Harry Russell students and their families.</p> <p>Sign-in sheet added to Title I folder</p>

The description of the event should be included at the top of any event that is being held at the school. This will help to clarify the desired audience and outcomes of the event.
